Remanufactured inks and toners
for BROTHER, CANON, EPSON, HP,
Kyocera, LEXMARK, SAMSUNG and
many more from the market leader!

DECIDE NOW FOR KMP? WHY?

GOOD VALUE

Our goal at KMP is clear: We offer outstanding quality at an extremely attractive price. And the best part? With reprocessed KMP toner cartridges and ink cartridges, you can save up to 50 percent compared to original printer manufacturer accessories. With us, you don't have to compromise – quality and savings go hand in hand. Discover the unbeatable KMP experience today!

PREMIUM: ENGINEERED IN GERMANY & 100 % COMPATIBLE

The original is our standard. Therefore, for almost every new type, the individual inks "Made in the KMP laboratories" are newly developed. Strict quality standards are applied to the selection of raw materials. The development „Engineered in Germany“ and the production „Made in Europe“ count as a special seal of approval internationally. The inks and toners from KMP fit perfectly, are at least as intense as the inks and toners from the original manufacturers.

SUSTAINABLE: SAVE CO2 & NORDIC SWAN

Our remanufactured products are analysed according to certified methodology according to DIN EN ISO/IEC 17020 in order to measure their CO2 savings compared to a possible new production. This has enabled us to save more than 1 million kg of CO2 since 2022 and 2023. Remanufactured KMP toner cartridges with the Nordic Swan Ecolabel comply with extensive health and environmental requirements. They have a particularly low impact on the environment over the whole life cycle.

REMANUFACTURER OF THE YEAR 2024 (2023/2022)

Continuous top performance honored: For the third time in a row, we have been awarded the "Remanufacturer of the Year" award. Thus, we have once again proved that we are among the leading companies in this field and that we have been able to prevail against strong competition. This "Remanufacturer of the Year" award recognises our commitment to sustainability and environmental protection as well as the outstanding quality of our remanufactured products.

WE TAKE RESPONSIBILITY

We are proud to have received the renowned SA 8000:2014 certificate. The SA8000 is an international standard aimed at improving the working conditions of workers. Unlike national laws and regulations, SA8000 is an international standard whose certification and compliance is based on a voluntary decision of a company. Our commitment to decent working and production conditions.

ALL-ROUND CAREFREE PACKAGE

Our goal is that you can choose KMP with a clear conscience. If you have any questions, we are at your side with advice and any complaints we handle completely uncomplicated. Of course, all our products are covered by the statutory warranty of two years. In addition, we are pleased to offer our customers a three-year warranty on our inks and toners according to the warranty provisions listed above.
